

Objective

Detail-oriented and quick-learning Quality Analyst with hands-on experience in BAU audits, RCA, CEO escalations, audit & compliance, and process improvement. Proven ability to identify quality gaps, drive SOP enhancements, and improve operational performance. Seeking to leverage my analytical skills and quality expertise to contribute to organizational excellence in a growth-oriented environment.

Experience	iEnergizer customer support executive13-4-2024 - 30-11-2024 Joined iEnergizer on 13th April 2024 as a Customer Support Executive and was later promoted to Senior Customer Support Executive, followed by a transition into the role of a Subject Matter Expert (SME) within the same process. Worked in the SME role for 3 months. Due to process ramp-down, the project was moved to Reboot XP, where I continued in the same process as an SME. Exited iEnergizer on 30th November 2024.
	Reboot xp Senior Customer Support Executive, SME6-12-2024 - 4-8-2025 Worked as an Agent (SME – Subject Matter Expert) with additional responsibilities as QA on auxiliary basis within 3 months of joining Conducted Audit & Compliance (ANC) Audits — evaluating agent interactions for adherence to quality standards and compliance protocols Performed Hygiene Audits — monitoring call drops, language proficiency, and call profanity checks to ensure service quality benchmarks Supported quality control processes by identifying gaps and ensuring team adherence to defined SOPs
